

Robert,

I finally got around to writing a letter of recommendation. Feel free to post it on your website. I'm happy to recommend you to anyone looking for a title company. Thank you so much for all of your help.

I cannot recommend the folks at Benefit Title highly enough, especially the owner Robert Young. The sale of my home hit a snag over an access and zoning issue that should have been uncovered when I purchased the property over 14 years ago but was only uncovered after the contracts were all signed to sell. Robert went above and beyond in order to help me navigate to a solution, even coming out to the property to see for himself how the issue affected the properties involved. He worked diligently and professionally to assist me from a title perspective to a successful closing.

In these days of profit by volume and impersonal service Benefit Title stands out, way out from the crowd.

Sincerely,

Ila Minton
